Sir:

Applicants' December 8, 2005 Rule 47(a) Petition was dismissed because the factual proof that Mr. Carl Bergman (the missing joint inventor) refused to execute the application was deemed insufficient. Petitioner requests reconsideration.

In connection with this Renewed Petition, Applicants concurrently submit a Declaration, which is executed by Mr. Gunnar Hjalt. This Declaration supplements the factual information presented in Mr. Hjalt's December 5, 2005 Declaration (which accompanied the Rule 47(a) Petition). For example, see page 2, lines 7+, setting forth additional factual circumstances (and evidence) surrounding Mr. Bergman's refusal to cooperate. The Declaration sets forth the efforts which Mr. Hjalt made to obtain the signature of Mr. Bergman. The Declaration is made with knowledge of the penalties prescribed by 18 USC §1001.

Please charge and deficiency or credit any overpayment to our deposit account number 08-0750. Please also charge any fees necessary to maintain the pendency of this application, except for the issue fee, to our deposit account number 08-0750.

Respectfully submitted,
